

# Leading Allies Of... Data Centers & The Cloud

Fundraising for **girls who code**

**Be part of the movement connecting industry allies around the globe**

## About Our Virtual Summit

The *Leading Allies Of... Data Centers & The Cloud* Annual Virtual Summit connects people from different companies in the industry on a global scale, so we can come together to promote professional and personal strategies that enhance diversity in the industry. We seek to inspire greater diversity in Data Centers and The Cloud space by providing people with the tools and inspiration to create inclusive spaces where all people, regardless of background, can thrive, while attracting new talent into the industry.

**November 10th**  
**8-12 PT / 10-2 CT**  
**11-3 ET / 4-8 BT**

We are an increasingly connected society, and we need good people to help us keep this digital infrastructure up and running

**Bill Kleyman, EVP of Digital Solutions, Switch**

“Embracing diversity is critical to meeting the increasing demands on our space, especially as we need an extra 300k people by 2025. I believe allyship is going to be key to this.”

**Shannon Hulbert, CEO, Opus Interactive**

## Join Forces For Change

We recognize that we can't solve this industry wide problem in isolation. So we came together, to start building a community where we can collectively make a difference. Our Steering Committee includes leading industry professionals from Stack Infrastructure, Microsoft, Opus Interactive, CoinMe, EdgeConnex, ITC Global, Sandbox2Boardroom, Vantage Data Centers & Opus Interactive.

## Virtual Summit Audience

We are cultivating a global audience of both DE&I-conscious and DE&I-curious individuals and companies. The Summit will benefit people at all levels of the business, and will also provide a platform for those from outside of Data Centers and Cloud to pivot into the industry. We are open and inclusive to all.

## Get Your Team Involved

- Connect with current, former, and future leaders from around the world
- Develop your diversity & allyship toolkit
- Re-affirm your commitment to diversity; reward and inspire your team

### Our Content Includes:

- De-Mystifying DE&I
- One Size Doesn't Fit All: Different Journeys To DE&I Success
- Stretches For Hire: Solving The Talent Shortage Of Today
- How Diversity Drives Innovation
- Better Together: How Allyship Accelerates Change
- Learning From Women In The C-Suite
- From Talk To Action

## Trailblazer Awards

Our summit will also debut our Trailblazer Awards, recognizing who is making a positive impact for global diversity, equity and inclusion, and sustainable IT. Our Categories are: connectivity Trailblazer, Data Center Trailblazer, Cloud Trailblazer, Edge Trailblazer, Industry Ally Trailblazer, Sustainable IT Trailblazer. To nominate your colleagues go to [www.LeadingAlliesOf.com](http://www.LeadingAlliesOf.com).

### Does This Sound Like Someone You Know?

"A leader in the cloud and data center industry who has worked to support women in technology and increase Diversity and Inclusion in the industry. Efforts include use of platform to generate awareness, initiatives for making technology workforces a more inclusive environment for people of different genders, races, sexual orientations, cultures, disabilities and backgrounds, and innovative efforts to increase opportunities for others in the space over the past 24 months."
